

Digital Society

Law, Business, IT and Governance

Winter Seminar 2024

Interdisciplinary Workshop Conference

21-22 February 2024

Széchenyi István University Faculty of Law – Győr, Hungary

Supervisor of the Seminar
Prof. Peter SMUK,
Dean of the Faculty of Law

Co-ordinator
Dr. Peter Balint KIRALY,
senior lecturer

People of Europe face numerous local and global challenges, tightly connected with the everchanging relationship of society and technological development. The Winter Seminar 2024 aims to discuss the actual trends of digital society, offering a forum for not only legal scholars, but also representatives of social and economic sciences, information technology and other experts of engineering, who have academic or practical experience in the field of digital services, finance and/or digital challenges in consumer protection.
